### **History**

Rhythms of Resistance take some of their inspiration from the "blocosafros" bands (e.g. Olodum or Ilê Aiyê) that emerged in the mid-1970s in Salvadore, in the Bahia region of Brazil. These bands were formed as expressions of black awareness, in defiance of a military dictatorship which viewed any "cultural" group as potentially "communist" and ruthlessly suppressed them. Blocos-afros bands were responsible for blending traditional samba rhythms with reggae, salsa and merengue to create the samba style now known as Samba Reggae. Today many of these bands still campaign for freedom, human rights and equal opportunities, and fight against social injustice and racism

The first Rhythms of Resistance band formed 2000 in London, in reaction against the repression of Reclaim The Streets happenings by the police. Rhythms of Resistance formed as part of the UK Earth First action against the IMF / World Bank in Prague in September 2000. A Pink and Silver carnival bloc, focused around a 55 piece band, detached itself from a march of 67000 and outmanouvered police resources defending the IMF annual summit. With an international 'black bloc' and a large contingent from the Italian movement, 'Ya Basta', three diverse forms of direct action worked towards a common goal and resulted in the shut down of the IMF summit. From then on, along with the movement against capitalist globalisation, one group after the other popped up - now we're all over Europe and occasional in the rest of the world.

### The Network

The Rhythms of Resistance (RoR) network of activist samba drum bands comprises more than 30 separate activist samba drum bands all over the world. RoR is descended from the pink and silver "tactical frivolity" bloc (aka the "silly stunts and fluffy stuff" section) of the anti-Globalisation campaigns of the 1990s and early 2000s. As such, the use of tactical frivolity, carnival and creativity are a defining hallmark of bands in the RoR network (it is also why many of the bands in the RoR network wear pink when out and about).

### Snowboots + Hips

3 steps forward as if stumping through deep snow (half pace). Jump right on 4th step. Shake hips back and forth for 4 beats, jump left, shake hips for 4 beats, jump + turn 180° around. 3 snow steps backwards, jump, hips, jump, hips, jump. On last beat turn 180° around to face front again.

### Step Kick

4 steps forward, kick forward on the 3rd step, then 4 steps backward, kick backward on the 7th step. Repeat.

### Tiger (with claws)

Jump forward. Arms are stretched out front. hands form tiger claws and scratch.

Jump to the right with claws, turn and jump back with claws, jump to the left with claws (should have jumped once around you to all 4 sides with claws). Repeat once

### **Winding Plants**

Start with elegantily crossing your arms infront of your right hip. Then wind your arms up like climbing plants, forming waves within 4 beats. When you reach the top, open hands to a bowl. While you are doing that, take 2 steps forward and 2 steps backward. Then repeat winding up on the left side. Once again right side and left side.

### Lead Pipe

Hold your left arm to the front, the right to the back, palms up (as if you are carrying a big pipe). Move your right foot to the front and swing the pipe. Go back to your initial position (4 beats). At "Go" you throw the pipe away and twist around. Comment: After the move you stand a bit ahead of your initial position.

### Puke

Hold your hand as if you'd catch a big ball in front of your face. [1] Jump with your right leg to the front. Twist your hands 360° to the front. (You end with your palms up, as if you'd carry a pile of paper). Move your body down. [2] Step back onto you left leg. Your hands to the same move as at beat 1 but reverse.

(You end this movement at beat 3.) [3] Jump with your right leg back. Your body seems to fall back. [4] Step to the front onto your left leg again.

### **Swords**

[1] Move one leg in front of the other leg. Move the corresponding arm down (it's a sword). The other arm is bowed. [2] Step on the other leg. Bow the streched out arm. Stech out the other down. [3] Step on the other leg (you're now back on the initial position.) Bow the streched out arm. Strech out the other. [4] Here another swords-move starts, or in case of "X" you just step on the other leg. Comment: 16 beats are good for this move.

All the bands in the RoR network play the same tunes and try and use the same hand signals. This means at large events, different bands can join up to form a large and exuberant bateria.

RoR bands work on a decentralised and democratic basis. All decisions within each band are made by consensus. No-one is "in charge" and those who have just joined the band have the same voice as those who have been members for many years. Each band operates independently, joining campaigns and actions that they themselves support, but they may join together for national demos etc. At large events, where multiple bands meet up and play together, mestres may come from any of the bands present, swapping in and out as mood and movement takes them.

Although each band in the network is a independent entity answerable only to its members, they all share some common beliefs and values that define the Rhythms of Resistance network as a whole:

### **Principles**

We are a transnational anti-hierarchical anticapitalist, antisexist and antiracist network fighting for social and ecological justice.

We are activists using tactical frivolity as a form of political action to confront any system of domination.

We also directly support everybody experiencing or struggling against exploitation, discrimination and oppression, without compromising our principles.

Our tactics include drumming and dancing inspired by samba and carnival.

We reject any false opposition between militancy and creative forms of resistance.

Even if we are different bands operating in a decentralized fashion, we aim to maximise participation in our collective process.

We are an open network to any people who share our principles.

Come with us! We have everything to play for!

### **RoR Player**

On https://player.rhythms-of-resistance.org/, you can find a player for all RoR tunes, where you can look at the tune sheets, listen to them, combine them in different ways, modify them, and even create your own tunes.

On the left side, you see the tune list. When you click on a tune, you will see a list of all the breaks that belong to it. There is a Play button to listen to them once. On top of the tune list, you can search for specific tunes. By default, only the most common tunes are displayed. You can change that by selecting "All tunes" in the dropdown menu.

On the right side, you can create a song. For this, either click on the plus sign on a tune/break in the tune list, or you drag it into the song. If you drag it to the row of one instrument, only this instrument will play it, if you drag it into the "All" row that appears on the bottom of the song player, all instruments will play it. To change which instruments play a tune/break, either drag it around, or click on the hand to select the instruments, or use the resize handle in the bottom right of a tune/break block.

Click the green play button to listen to your song. With the slider on top, you can change the playback speed, and next to each instrument there is a mute button and a headphones button to only listen to that particular instrument.

When you click on the pen (Edit) symbol on a tune/break, the tune sheet for that tune/break is opened. You can change the tune sheet, even while it is playing, by clicking in any place and selecting what kind of stroke the instrument should be playing there.

You can create create your own tunes by clicking "New tune" in the bottom of the tune list. Any modifications that you make to existing tunes and any tunes that you create are saved in your browser, so when you restart your computer, they are still there, but to share them with other people, you need to click on "Tools"  $\rightarrow$  "Share" to generate a link that contains your tunes. When opening a link that someone else sent you, use the "History" button on the top right to go back to the tunes/songs that you had created before.

### Mirror

Hold your arms streched out to your left, your hands at right angels to your arms, the right hand on your left. Move the right hand to the front of your face. Look on it, it's a mirror!

### Rainbow

Turn 90° to the right. Draw a rainbow with your hands from the bottom over your head to the other side (starting point of mirror). You have to turn your body:-)

### Pizza

Hold your arms at your waist, palms up. Step to a side and move one hand, as if you'd deliver a pizza.

### Tutu

Hold your arms at your waist, palms down. Step to a side and move both hands, describing a tutu (skirt). (Similar to pizza)

### Aeroplane

Hold your arms like wings of an aeroplane. Twist your body to a side. Each beat a step.

### Define a boundary

Step to a side, each beat two steps. Hold the corresponding arm streched out to the front. (Define the boundary.) Hide the other arm behind your back.

(Iron Lion Zion Break)

Break 1

Make sure the off beat (2 and 4) is always very clear. The snares have to exaggerate this off beat Make sure the high and low surdos fit together well; playing the offbeat with the left hand makes this easier.
